

COUNTRY AIR, CITY AIR. URBANISATION AND THE CONSEQUENCES.

🕒 [back to the
overview](#)

date	rubric
2020-04-17	company

One of the most used but also one of the vaguest terms in our language is sustainability. We should eat sustainably, live close by, move sustainably, work and live sustainably.

However, what does sustainability mean? Where does the term come from? What does it tell us?

The new TROX life tries to provide answers to these questions.

With a series of contributions from the areas of nature, energy, business, and life, TROX life has approached the topic and wants to bring clarity to a thoroughly nebulous term.

What TROX is doing to make the company sustainable will be highlighted, as will the technical innovations with which TROX is preparing for a sustainable future.
