FLAT PANEL FILTER

The media pads in a support frame are for general use in HVAC systems or Air Handling Units. They provide an alternative to the pleated filters.

These primary lightweight panel filters are available as washable or disposable types when using media F711 or A30 4/20. When using the media F702, the filters are disposable only.

These filters comprise of high quality synthetic/glass media, which is housed in either an aluminium, galvanised or cardboard channel frame.
