Approximate Total Project Order Value +- R500 000.00

Plumbago Business Park is located in the new River fields Precinct, straddling the R21 highway which has been acquired to create an exciting logistics hub strategically located close to OR Tambo International Airport, east of Johannesburg. The precinct will grant both large and small distribution users the immense benefit of convenient access to all major freeway routes serving Gauteng and beyond. The completed Plumbago logistics nodes will constitute approximately 100 hectares of serviced land, within a landscaped environment and operated as a 24-hour monitored estate.
