Secunda Mall is the first and only, fully-realised regional shopping experience for the residents of Secunda and the surrounding areas. The long-awaited Mall officially opened its doors on 23 October 2013, offering customers a first class shopping, leisure and dining experience suitable for the whole family. Today, with over 90 stores including major anchor tenants Checkers Hyper, Edgars, Game, Pick n Pay and Woolworths, plus 6 state-of-the-art Ster Kinekor 3D cinemas, Secunda Mall has already cemented itself as the leading shopping and leisure experience in the region. The shopping mix includes an array of major fashion, electronics, outdoor, homeware, health and beauty stores. But it's more than just a Mall - Secunda Mall is a meeting place for the community of Secunda, a place where families and friends can gather to shop, socialise and play.
