...and with red-hot topics, because the focus of this issue is on the topics of fire protection and smoke extraction.

Among other things, you can read an interesting report on the renovation of high-rise buildings in Dresden-Prohlis. Here, communication is the key to greater safety in the face of special fire protection challenges. It continues with underground car parks, in which intelligent smoke extraction concepts guarantee maximum protection.

The section "Forum and Economy" sheds light on the billions of dollars in damage caused by fires every year; The report presents how drones are used for the early detection of forest fires.

Of course, there is also a detailed follow-up report on this year's ISH - you can read everything else in the new issue, which is now available at the receptions in ZG 1 and ZG 2 and has already been sent to the branches and subsidiaries.
